

## RELEVANT INFORMATION

In development of the steps indicated in the Relevant Information submitted on may 27<sup>th</sup>, the Colombian Superintendence of Finance authorized, through Resolution 0622 of 2020, the period extension and other amendments made to the Bond and Commercial Papers´ Program of Grupo Argos S.A. (the "Program").

Regarding such information, the Program enters into force for three (3) additional years, and according to the amendments approved, Grupo Argos S.A. may perform new issuances, in which investors may use bonds previously issued by Grupo Argos as payment for these new issuances, as indicated in the respective public offering notice. It should be noted that the payment in kind supposes a replacement of the issuer's liabilities and therefore, if new ordinary bonds are issued where this form of payment is established, the portion paid in kind will not lead to an increase in the leverage of the company, beyond the costs and expenses associated with the transaction

Addendum No. 3 to the prospect of information of the Program may be consulted through the company´s web page [www.grupoargos.com](http://www.grupoargos.com) in the following link <https://bit.ly/2Z2f2>
