

RELEVANT INFORMATION

In response to the request for authorization submitted last April 16, pursuant to the authorization granted by the Board, the Financial Superintendence of Colombia authorized the Company to launch a public offering to acquire shares (OPA, for its Spanish initial) with respect to the outstanding voting shares of Organización de Ingeniería Internacional S.A. ODINSA.

The notice of the public offering is due to be published in the next few days. The notice establishes, among other things, a 10 working day acceptance period counted from the 5th working day following the publication of the first notice.
