GRUPO ARGOS

In order to continue strengthening capital and growth strategy, Grupo Argos's Board authorized the Administration to follow all required steps in order to structure and obtain the necessary approvals to accomplish the placement of a base amount of 50,000,000 shares with preferred dividend and no voting rights, to be offered in the first quarter of 2015 both in the local and international markets. Although in this case there are no preemptive rights, the Board has asked the Administration to propose a mechanism to be included in the rules of placement, which will be approved later, that pursues priority allocation to the shareholders in proportion to their holdings in the company at the time of the offer.
